

Superfund Records Center
SITE: New Bedford
BREAK: 13.5
OTHER: 290376

Caution:
Do not eat fish, shellfish or lobster caught in the areas shown on this map of New Bedford Harbor: they have chemicals, called PCBs, in them that can harm you and your family.

Fish Smart ... Read This Chart !

- Don't eat any fish
- Don't eat any lobster
- Don't eat any shellfish
- Don't eat any bottom fish (flounder, scup, tautog and eel)

If you have any questions about what fish to eat, call the New Bedford Health Department at 508-991-6284.

Most fish are safe and healthy for you and your family to eat, but some are not.
Read this chart to Fish Smart.
